

MENTONE GOLF CLUB

GENTSOMES INSTRUCTIONS

Similar to Ambrose, a Gentsomes team is made up of 4 players and all players play their own golf ball from the tee.

The person with the lowest handicap is TEAM CAPTAIN.

Each player has their own score card.

The best ball is chosen and all players play from that spot. if it's on the fairway, drop within one club-length, if it's in the rough or a hazard, then the ball must be dropped in the same position.

From this position, ALL players play out the hole with their OWN ball and record their Stableford score.

The best two of the four scores are recorded and totalled for the team score card.

The team with the highest number of points at the end of the round is the winner.

Each 18 hole player has three 3 tee shots per round.

Each 9 hole player has two 2 tee shots per round
